WAR DEPARTMENT,

December 18, 1812.

SIR,

IN obedience to a resolution of the honorable the house of representatives of the 7th instant, I have the honor to state, that of the annual appropriation of two hundred thousand dollars, for arming the whole body of militia, conformably to the act of April 23, 1808, four hundred and eighty-three thousand dollars have been drawn from the treasury on that account. The enclosed statement from the commissary general, marked A. exhibits the contracts which have been made by the late purveyor of public supplies, with sundry manufacturers for eighty-five thousand stands of arms. On those contracts, ninety-four thousand seven hundred and ninety-two dollars have been advanced, and thirty-one thousand six hundred and forty stands of arms have been delivered to the United States. In addition to those contracts an agreement was entered into by this department on the 18th of July last, with Eli Whitney, of New Haven, Connecticut, to manufacture and deliver fifteen thousand stands of arms in a proportion of not less than fifteen hundred annually. On this contract five thousand dollars have been advanced. It will also appear by the statement A, that twelve thousand two hundred and fifty stands of arms have been sold to the states of Georgia, Maryland and Delaware.

Statement B, exhibits the number of arms and equipments which have been issued under the act of April 23d, 1808, for arming the whole body of militia. These issues have been made within the last year, and to those states and territories whose exposed situation appeared to require immediate supplies.

I have the honor to be,

Very respectfully, sir,

Your obedient servant,

W. EUSTIS.

of the House of Representatives
of the United States.*
