

DELAWARE EXECUTIVE PAPERS COLLECTION

1754-1900

This collection consists of original and photostatic copies of the accounts and correspondence of the executive branch of Delaware state government. As such, these records chronicle the activities of the state's chief executive, the governor, and appointed and elected cabinet-level officials (ie: The Secretary of State, State Treasurer, and Auditor of Accounts).

This material covers a wide variety of subjects and is arbitrarily organized by subject or type of activity. Records are arranged chronologically and grouped in general categories. In many cases, however, materials are organized and identified by special subjects or events, e.g., slavery, elections, etc.

The following folder headings or general categories appear throughout the collection: Appointments and Commissions; Including citizen petitions for executive appointments, copies of appointments and commissions, resignations of public officeholders, etc. Correspondence; Primarily correspondence to or from the governor of Delaware. This series is sometimes subdivided and identified as 'Correspondence - Out of State.' These include proclamations of other states, messages of Congress, etc. Military; Files of the executive branch of government relating to military activities within the state. Including militia accounts, muster rolls, election of officers, accounts of the Adjutant General, receipts, etc. Financial Records; Including the accounts of the State Treasurer and Auditor of Accounts, fines and forfeitures, state tax records, etc. Petitions; Miscellaneous petitions of citizens concerning a wide variety

of issues, e.g. pardons for convicted criminals, removal of a public officeholder, establishment of railroads, etc.  
Secretary of State; Primarily composed of documents relating to executive appointments. Includes orders by the Governor to prepare and send a commission, delay appointments, etc.

A checklist of folder headings precedes the beginning of the collection. Checklists of contents of individual boxes precedes them as well.

N.B. Records of the Executive Branch of government after 1900 are organized individually by office of origin, ie. Governor, Secretary of State, Treasurer, etc.
