sentatives of the State of Delaware, in General Assembly met;

THE Petition of the Subscribers humbly represents, that whereas the United States are at war with Great Britain and her dependencies, and the State, from her exposure, is liable to sudden incursions from predatory parties of the enemy; And from the unorganized state of our Militia, no effective service is to be expected from them on such emergencies, your Petitioners therefore pray, that the Legislature will so amend the Military Law, as to increase the days of training; the fines for non-attendance; apportion according to the assessment of each man liable for duty, or take such other steps, as wisdom may dictate, for rendering the undisciplined Militia of this State, a well organized body, capable of defending your shores.

December 26th, 1812.

Your Petitioners, as in duty bound, will, &c.

THE Petition of the Subscribers humbly represents, that whereas they are at war with Great Britain and her dependencies, and this State, from her position, is liable to sudden incursions from predatory parties of the enemy: And from a disciplined state of our Militia, no effective service is to be expected from them in emergencies, your Petitioners therefore pray, that the Legislature will so amend the Law, as to increase the days of training; the fines for non-attendance; apportion according to the assessment of each man liable for duty, or take such other steps as wisdom may dictate, for rendering the undisciplined Militia of this State, a well ordered body, capable of defending your shores.
